

Horizon Family Medicine now offers:

Online appointment booking

Book and manage your clinic appointments securely and conveniently online.

- View appointment availabilities and book them instantly online
- View your upcoming and past clinic appointments
- Eliminate “phone tag”, voicemail and waiting on hold
- Receive automatic timely appointment reminders

Secure Messaging

Our secure web-based/mobile messaging system allows communication directly with your family physician and/or the clinic.

- Private messaging protecting the confidentiality of your sensitive healthcare information
- Opportunity to be notified through the portal of some of your medical test results (bloodwork and/or diagnostic tests such as x-ray or ultrasound)
